Experience rural Turkish village life in a luxury stone villa, whilst being amongst wonderful countryside and close to the beaches.

From the moment your luggage is taken from you and you walk along the track through a small meadow to Villa Lale you realise you are somewhere special. Set amongst orchards the garden is full of fruit and vegetables for you to pick.

Close to the heart of the hamlet and mosque you are nonetheless in a completely private and tranquil location. It has been designed and built by the same team that built our Turkish retreat, Villa Nurtan, sourcing craftsmen from the village. Using local labour and materials we have aimed to create a villa that is sympathetic to its surroundings. This extends to our furniture, which is mostly hand-made in the village.

Villa Lale is located in Keçibükü, Orhaniye, an idyllic valley location surrounded by olive trees and hills. It is only 25 km away from bustling Marmaris, yet offers a peaceful retreat for discerning families looking for a private and very special place to unwind, well away from 'developments'.

It has a large veranda, fantastic sun terrace and garden barbeque. It has an eco-friendly private pool. Free business-grade WiFi Internet access and free International telephone calls. Our team will ensure you have a wonderful time.

We are all proud of and love Villa Lale, and are sure that you will too. Availability and more details at www.LuxuryVillasTurkey.com

Previous guests

We had a fantastic holiday in Orhaniye and your beautiful villa, you have certainly thought of everything that we would need to make a very comfortable stay in villa Lale. The Turkish people, especially the neighbours are really friendly.

The Villa was excellent and in a really beautiful location, we can certainly see the attraction of Turkey and especially this particular location. You have certainly thought of everything when it comes to the 'home from home' features and the appliances, as the cook I couldn't see anything that was missing from the kitchen.

Alan Pat and Peter
Previous guests

We had a great time at Orhaniye and Villa Lale. The villa had everything we needed (even the toaster) and the free phone was a particularly thoughtful and very useful accessory. The peace and tranquility that the villa provides is priceless.

Previous guests

Very nice villa, just as described on the website. Quite rural, although that's just what we were looking for. Very peaceful and relaxing, nothing to disturb you, no English pubs/bars, no nightclubs, just an oasis of peace and tranquility. Bliss.

Villa Lale Pool and Garden

Private pool with Orange trees set in a mature garden

We were really impressed with everything about Villa Lale. Owning a holiday rental ourselves we are particularly aware of how well (or not!) things are done when we stay elsewhere. You have designed/ set up the villa impeccably

Previous guests

Villa Lale guests enjoy the luxuries of a private pool whilst being part of a rural Turkish hamlet. In the garden is a stone BBQ for outside meals and around the side of the villa is a swinging chair that is great for a quiet read.

Our guests like being part of the community. There are the sounds of village life. If you are used to the rumble of cars and street life, you will instead get used to the call to prayer just before dawn and at intervals through the day from the village mosque. At night time you may hear cockerels, dogs, the snuffle of a wild boar, the occasion-

al gun shot as the men hunt at night or the music of a wedding celebration. At other times there is utter quiet – except for the sounds of frogs in the spring whilst the streams are running and the cicadas in high summer.

You can watch the natural world at your leisure – the bats and stars at night, birds swooping to drink at the pool, dragonflies over the water or the birds of prey overhead. Enjoy our garden produce – including mulberries in May, herbs, tomatoes, salads, through the season and sweetcorn in late summer and grapes in the Autumn.

Eco-friendly pool

We have invested in the latest 100% ecological cleaning system in the private pool plus installing a water softening system which means that we use NO chemicals in this pool. Our guests love this pool as they do not smell of chlorine and it does not pollute the environment.

Sustainable

We believe in low impact tourism. The Bozburun Peninsula is a protected nature area so we go to great lengths to minimise our impact on the environment. We have drilled two wells and installed automatic drip watering systems in the gardens to minimise the amount of water we take from the village.

What is it like to stay in a Turkish village? You will notice that everyone is friendly and will greet you with 'Merhaba' (Hello). The Kecibuku hamlet has a population of around 350, so you can be sure that everyone will know who you are or will work out where you are staying very quickly.

As a stranger you are a guest in the community, so you may be given a gesture of welcome – perhaps an orange or a fig from a tree as you walk by.

Villa Lale nestles in the midst of orange groves. Close to the heart of the hamlet access is via a track away from any road. Yet you will hear and see village life – the call to prayer from the nearby mosque, women (usually) working in the nearby fields, chickens, cows and goats in the surrounding orchards.

This is a place for those who want to experience rural village life, without sacrificing luxury.

Restaurants

Villa Lale is within a twenty minute stroll of the local restaurants, many have private beach access to the bay. Call them from the villa phone for free lifts both ways.

Shops

There are three village shops and many local restaurants within walking distance that cater for a range of tastes and budgets. One also delivers to the villa.
